

CGTMSE Fee Reimbursement in Haryana

DRAFT FOR REVIEW | SCHEME | D009

Designated reviewer: Atul Goyal. Review pending. PDF prepared 18 September 2026 from the current repository manuscript. This drafting date is not a verified review, approval or source-verification date.

CGTMSE fees are not automatically refundable when a business repays its loan. The Haryana scheme commonly described as the “CGTMSE fee refund” is a state reimbursement provision, officially notified as the Collateral Free Credit Guarantee Scheme under HEEP 2020. It concerned eligible micro enterprises in Haryana and the guarantee-cover fee charged by their financial institution or bank.

That distinction answers the first practical question: a state incentive claim, a bank’s correction of a wrong charge and CGTMSE’s own fee rules are different matters. A loan account showing a guarantee fee does not, by itself, establish a right to reimbursement.

Policy period and present-day use

This explanation covers the notification issued under HEEP 2020. Haryana notified its Progressive MSME & Export Promotion Policy on 29 July 2026, expressly superseding HEEP 2020. An older claim and a new investment therefore need separate checks of the transition provisions, relevant dates and operative scheme instructions. The historic benefit below should not be entered as an assured receipt in a new project budget.

What the 2021 notification provided

The notification provided reimbursement of 100% of the guarantee-cover fee charged for qualifying collateral-free term loans or working-capital facilities under CGTMSE, for five years. The borrowing unit had to meet the scheme’s micro-enterprise conditions, be in commercial production and remain in regular production when assistance was disbursed. It also required Udyam registration, Haryana Udyam Memorandum and applicable land-use or other approvals.

The benefit was tied to a specific fee. It was not a refund of the loan principal, all interest paid or every bank charge. Processing fees, insurance premiums and other debits should be identified separately before the claim amount is prepared. The notified lender and credit-facility conditions also need to be checked against the actual sanction.

Build the claim around bank evidence

Start with the sanction letter and a bank confirmation identifying the CGTMSE-covered facility. Reconcile the guarantee fee charged, the period it relates to and the amount actually paid with the account statement. A generic bank statement description may need clarification from the branch.

Keep the enterprise registrations, commercial-production evidence, earlier claim acknowledgements and any sanction or deficiency correspondence together. The 2021 notification contained a three-month claim deadline linked to commencement of operations or notification, whichever was later. An existing file needs its own deadline and subsequent orders checked; a newly dated invoice does not necessarily reopen an expired claim period.

The notified process routes the claim through the Haryana department’s portal and District MSME Centre examination. The bank supplies credit and fee evidence; the department decides the incentive

claim.

Common questions

Does closing the loan make the fee refundable?

Closing a loan does not itself prove a reimbursement entitlement. First establish which fee was charged, which rules applied and whether a state claim was made within the relevant conditions.

Is this available to every MSME?

The cited Haryana notification specifically addressed micro enterprises. "MSME" in a loan advertisement is broader and should not be substituted for that condition.

Official reference

Read the [Haryana Collateral Free Credit Guarantee Scheme notification](#) and the [July 2026 policy notification](#) together when assessing the policy transition.

Discuss your guarantee-fee claim

Have a CGTMSE fee entry or a reimbursement file you need help with? Tell us the enterprise's location, the loan and fee dates, and whether a claim has already been submitted. Keep bank statements and correspondence available for the assessment; you do not need to upload them to make the first enquiry.

Rapid's [Subsidy & Incentive Advisory](#) covers assessment, documentation and agreed follow-ups. For the separate question of obtaining collateral-free finance, read [what a CGTMSE-backed loan means](#).

[Discuss your project](#). An expert consultant from Rapid will call you to understand the requirement and explain the proposed work and next steps.
